Hi Steve – It has to be approved by the CO, Kristin, not me. I will call her if we don't see a reply today or tomorrow.

Joyce

Subject: RE: Bed and Bonita Purchases

Kristin and Joyce,

I am requesting your approval of the following request to purchase a specialized piece of equipment for the Red and Bonita mine site investigations. This equipment is required to perform hydraulic conductivity / permeability testing within small bore holes inside the mine adit (tunnel) rock. There are no suitable substitute technology / apparatus available to perform this type of permeability evaluation.

We plan to perform this work the week of September 8, 2014. Please let me know if you questions or require additional information.

Thank you,

Steve

Subject: Bed and Bonita Purchases

Steve,

Per our contract I need to have approval from the Contracting Officer as well as you to make purchases over \$1000. The packer for the Red and Bonita site will cost around \$3000. Please let me know if I can purchase the Baski MD-1.8 for use at the Red and Bonita site. I will be able to pick it up from the manufacturer when I purchase it.

Thanks

Eric Sandusky
